Subject: RE: Letter of Commendation for Steel Works - STERLING ENGINEERING PTE LTD

DTL3 Contract C937B -PROPOSED ERECTION OF A SINGLE STOREY TRANSPORT FACILITY BUILDING WITH 2 BASEMENT AT BARTLEY ROAD EAST

STERLING ENGINEERING PTE LTD

No. 21 Kranji Link,
Singapore 728671

Dear Mr. Marc Sim,

I refer to the above-mentioned project.

I would like to express our appreciation for your good effort in the supply, fabrication and installation of steel works and main sliding gate.

Not only did Sterling Engineering propose an earlier date of installation of the steel works, the actual installation works was in fact even earlier than the proposed date.

The speed of delivery, coupled with the fine quality of works was made possible by the management, teamwork, professionalism displayed by your good Company, your staff and workers who have committed to our target timeline.

Well done and thank you again Sterling Engineering.

Regards,

Kyaw Swar Linn
