-LETTER OF COMMENDATION FOR SUPPLY AND INSTALLATION OF  
STRUCTURAL STEELWORKS**

---

I would like to take this moment to convey my approbation to your company's commitment and dedication to your work to guarantee the timely installation of your steelworks and yet without any compromise in safety and quality of works.

I am very pleased with your company's professionalism, management and your teamwork spirit in working with the Main Contractor during the preparation and execution of the work.

I look forward to work with you again in other projects.

Thank you and wish your company all the best.

Yours faithfully
